

OUR PROGRAM

Kindergarten-5th Grade

Our school offers an exceptional before and aftercare program. We service: Holly Ridge Elementary, Holly Springs Elementary, Herbert Aikens Elementary and Pine Springs Prep Elementary.

We also offer various Track Out, teacher workday, school closings and summer camp options for both traditional and year-round calendar students.

Track Out Camp is offered in weekly sessions based on the multi-track calendar. Most weeks are five days and some are shorter if there are holidays or teacher workdays.

Each break is approximately three weeks and the sessions have a different theme. Daily field trips and hands on activities are all planned with the children's interest in mind and are linked to these themes.

Our camps are designed to help children discover new talents, build new friendships, and learn valuable life skills. Our trained staff foster skill development, inclusion in a fun and safe environment. Please set up an appointment to tour our program!
